17:30 - 19:30		Break	
19:30 - 20:30		*The Neurocognition of Liveness - a Lecture Performance* by Guido Orgs	

Notes:

Morning Movement Practice is open to all symposium attendees, no prior dance experience required. These optional sessions are led by NEUROLIVE artistic collaborators and offer a gentle physical warm up to start and ground the day.

Each morning session, Have you found anything yet?, brings together artists and scientists who collaborated on specific NEUROLIVE commissioned performances, to share methods, results and reflections.

Teas, coffees and light refreshment will be provided during break times, included in the ticket price.

Tickets for The Neurocognition of Liveness - a Lecture Performance on Tuesday 3 June are free for symposium attendees. You will be provided with a code to book your free place.
